

LYRICS – PETER PERJES

## **Reach Up to Heaven**

Casanova, everybody

Reach up to heaven, wake up to a new day  
Keep on and keep on, let it take you higher  
Your soul will open, you have got the power  
Don't stop just keep on, reach up to heaven  
Reach up to heaven

Come on, come on, come on, free yourself  
Imagination is free and the further it flies  
The closer you'll be, that's the way  
All you need is to believe  
The sign that you receive  
Is what you've been waiting for  
Believe and reach up to heaven

Reach up to heaven, wake up to a new day  
Keep on and keep on, let it take you higher  
Your soul will open, you have got the power  
Don't stop just keep on, reach up to heaven  
Reach up to heaven

Come on, come on, come on, don't give up  
Reach out to all so you'll find the one  
Who also believes that's the way  
All you need is to believe  
The sign that you receive  
Is what you've been waiting for  
Believe and reach up to heaven
