

LYRICS – PETER PERJES

Angelic Tale Guardian Angel

There you are the ladies man, heart of ice alone you stand
How the flood washed you away, maybe that was the only way
With life this can happen easy, but you knew how it would be
What did you expect?

Listen to me, truth I tell you, all that happened ain't a big to do
This is not a lasting farewell, your soul ain't burning in hell yet

You have to live in the way that you used to
Realize that this is a must-do
Your mistakes they teach you a lesson
Every thing that you did turned against you
But it was only a guise that deceived you

Your fate is uncertain but tell me why would you -
-give in, don't let your tears flow on forever
I'll be there to guide you along, though I never was needed

Heaven will take to you kindly and give what you wish
You get a last chance again in this Angelic Tale!

Do you feel you understand, do you want a happy end?
Walk along the pleasure trail, enjoy this Angelic Tale!

Your fate is uncertain but tell me why would you -
-give in, don't let your tears flow on forever
I'll be there to guide you along, though I never was needed

Heaven will take to you kindly and give what you wish
You get a last chance again
In this Angelic Tale!
You get a last chance again
In this Angelic Tale!
You get a last chance again
In this Angelic Tale!
